

JUNIOR WOOL SHOW

Premium Table #6

Rules

1. ELIGIBILITY OF FLEECES: Each fleece entered must have been grown by a Wyoming 4-H or FFA member and be from sheep recognized as a part of current project work and have been shorn in 2006 or 2007. 2007 fleeces shown at a 2007 fair are not eligible. Each fleece must represent not more than 12 month's growth, except in the case of yearling fleeces, where 16 months growth will be allowed.
2. FLEECE QUALITY: Any fleece entered in competition shall be discriminated against if a) tied with other than paper twine; b) showing any paint or tar brands (soluble branding fluids permissible); c) showing excessive dung locks or tags; d) discolored by excessive moisture; e) cotted; f) showing a weak staple or break in fiber; or g) containing any excess burrs or other vegetable matter. Fleeces showing black fibers will be disqualified.
3. PREPARATION OF FLEECES: Spread out the fleece on a clean table or floor, skin side down, taking care not to pull or open fleece as it is handled. The fleece will look like a pelt or hide. At this stage, before rolling or tying, remove all heavy tags, stained wool, and obvious foreign matter. Rolling the fleece takes four easy steps: 1) Begin at one side and loosely fold 8 to 10 inches of the edge toward the center of the fleece. 2) Do the same on the other side, but fold toward the center two times – until the twice folded portion lies on top of the first fold. 3) Fold paper fleece twine, wrap it in two directions and tie as you would a package. There should be no loose ends hanging from the fleece. It prevents it from falling apart when handled.
4. Junior exhibitors wishing to enter the Open Wool contest must enter in the Open Wool Department P.

Breed Fleeces

Rambouillet, Ram Fleece	W-25-1
Rambouillet, Ewe Fleece	W-25-2
Targhee, Ram Fleece	W-25-3
